Headmaster's Message

Dear Ridley Family Members:

Though there is still a chance as I write this, that March could go out like a Lion and quite change our memories of the Winter of 1982-83, we have tried to enjoy the semi-tropical mildness of the Niagara Banana Belt. Only one weekend ski trip this year, and rather than becoming bogged down in blizzards or leading to searing frostbite like last years', it was nothing but slush and mud on the New York ridges. Warm weather or not, morale has been reasonably good through a term fabled for its difficulty in a boarding school environment. We were helped by a good athletic term. Boys 1st basketball lost only one Independent School League game going into the end of season tournament. Hockey had a good season aided by some fine spectator support enhanced by new bleachers installed in the rink, and the emergence of a "pep band" — two drums, a trumpet and a tuba which enlivened several home games plus the away game with Nichols. Hockey also competed for the first time in the high school league playoffs, and came within one overtime goal of going to the Provincial Championships. Badminton has lost only one I.S.A.A. game going into the end of season tournament. And girls volleyball beat all but one of the St. Catharines high school teams, and can lay some claim to independent school honours having lost only to Hillfield while beating B.S.S., Havergal, and St. Clements.

The winter has also been enlivened by a colourful performance of *Trial by Jury* in January, and by a most enjoyable Winter (?) Carnival mounted by the School and House Prefects in the Ig-gulden Gymnasium late in February. The high point of the carnival may have been the placement of cream pies in the faces of several faculty members. The pie throwers had paid over \$100 (all proceeds to The United Way) for the privilege of taking such liberties with their respected mentors, who good-humouredly submitted to the ignominy — especially Mr. Maurice Cooke! The speech by Bill Charlton ('60) at the Toronto Alumni Dinner also made for a memorable occasion. The speaker managed to combine humour and sensitive seriousness about Ridley old and new in a sparkling effective manner. The Ridley campus itself has had much more speaking activity than any recent year, with a number of outside speakers for the Ridley Forum and other special occasions including Quentin Keynes and his movies of the Galapagos, pianist Lark Popou, Dr. Hitchcock speaking on Capital Punishment, Dr. Brook with slides on Russia, and even the Headmaster's slides on his two trips to China.

This spring we look forward to Ridley gatherings in Los Angeles and San Francisco (mid-March), in New York, Boston, Halifax, and St. John's Newfoundland in early April, and Buffalo, Ottawa, and Montreal later in that month. Montreal and London are targeted for special recruitment-oriented experimental ventures by the Admissions Department and the Ridley College Association which is working to establish an Association-Admissions Network to co-operate with Maurice Cooke and his office in broadening the numbers of Ridley applicants. I hope that you will take note of the postcard enclosed with this issue and send us some names. It is interesting to note that we had an increase in the number of students taking the Competitive Examination for entrance to Grades 6 - 10 this year; we had thought that this must be due to increased and earlier advertising plus the economic situation — but, when we polled the takers, we found that exactly as

many students had signed up on the basis of Alumni recommendations as had been attracted by the thousands of dollars of advertising!

New departures for the future include our plans to institute a combined Grade 4 and 5 in Lower School next fall — actually the revival of an old Ridley practice rather than a totally new development. We already have two of the minimum of 12 students we need signed up. Brian Ig-gulden's Sports Ridley has mounted two experimental non-summer vacation ventures: a half-day hockey skills program between Christmas and New Years, which generated \$550 contribution to Ridley's overhead in addition to extra rental fee for the rink; and a soccer skills programme, already filled, for Easter vacation. Under the umbrella of Sports Ridley this summer, we also hope to have flourishing an intensive English language programme known as Holiday Niagara under the direction of Mr. David Cosgrove, Assistant Headmaster of Lower School, and a small computer camp under Mr. Michael Hamilton of the Mathematics Department, with the co-operation of Atari and Irwin Toys.

The decision by the Ontario Ministry of Education to gradually phase out Grade 13 (see article by Dr. Scott on Page 2) is obviously one of great significance to the future of Ridley. We have greeted the news positively, confident that with our size and capable staff we have the flexibility to successfully negotiate the complex process whereby five years of secondary education will gradually over the next eight years be transmuted into four for most students. As Dr. Scott indicates, a sub-committee of the Long Range Planning Committee of the Board of Governors is examining a wide range of implications and possibilities for a report to the Board in April. Suffice it to say that among the possibilities contemplated are the move of Grade 9 to Upper School; co-education in Lower School; institution of an Ontario credit academic summer session; even semestering; and the restructuring of our student leadership traditions to admit Grade 12 leavers to top rank. One thing I would like to make clear, however: in contradistinction to one of our smaller Ontario boarding school rivals we have no intention of pressurizing all our students through in four years by hook or by crook starting with next fall's Grade 9's. We can and will facilitate four-year matriculation for able students, but we strongly believe that only a deterioration of standards or immense academic pressure (with unfortunate effect on extra-curricular and athletic development) can result from forcing all our students through in four years before curricular adjustments have been widely instituted down to the Grade 6 level.

Finally, I would note in passing that free advertising is a two-edged sword as all members of the Ridley Family who peruse the *Globe & Mail* found out this February! Ridley's expanded bursary and new tuition loan programmes were nicely trumpeted to a continental audience — as was minority student opinion that was hardly calculated to win us recruits or enlightened plaudits. May I say that I have received a number of interesting letters as a result of the article, and that in my considered opinion the overall effect has been positive for Ridley. The article was also an interesting educative tool for talks I had with our students!

MR. H. JEREMY PACKARD
HEADMASTER

A Viewpoint

—Printed below is a speech given by Amy Copland, House Prefect of Dean's House and Editor of ACTA, on the occasion of a Girl's Dinner held in the Great Hall. The guest of honour was Mrs. Dorothy Doolittle, a member of the Board of Governors.

When I came to Ridley in Grade Eleven, I felt that I was coming to a boy's private school, one that only tolerated a few female students. I think I was right. That year, we were constantly reminded to act with discretion and responsibility in order to uphold the fairly new reputation of girls at Ridley. One night, before a Board of Governor's meeting, Mrs. Lewis even called Dean's House together to remind us to dress and behave appropriately the following day. At that point in Ridley's history, many of the staff, alumni and even students felt that the presence of girls could only have a detrimental effect on the school.

But I think we've proven them wrong. In the three years that I've been here, I've watched girls emerge as a vital and essential part of the school. We have excelled in every area of Ridley life, from academics to sports to the arts, earning the respect (and a little envy) of the other schools in the I.S.A.A. However, the decision to accept girls into Ridley at the Grade Ten level next September has reawakened doubts that I thought had been silenced long ago. Certain people are wondering about the effect more girls will have on Ridley. Isn't it about time that they realized that any effect will be beneficial? I think the question that we should now be asking ourselves is, what kind of effect does Ridley have on its female members? Are we getting as much out of this school as our male counterparts?

I think that the girls who can judge this the best are the ones that have been here for three full years. However, there aren't many of us left. Chris Liber and I are the only boarders that have survived from my Grade Eleven year, along with a handful of daygirls like Sophie and Trish and of course, who can forget Kathy Ellis! I'd like to tell you about a girl we all knew in Grade Eleven and the effect that three years at Ridley has had on her. I am sure that this story illustrates the benefits that we can all derive from living and learning here.

The girl that I'm referring to, came to Ridley after two years in the public school system, where her academics as well as attitude had suffered greatly. Despite the fact that she realized Ridley offered her a fresh start, she tried to beat the system in any way possible. She argued with her teachers, and she never did her work, which resulted in poor effort grades and even poorer marks — a repeat of her performance in public school. However, unlike her old high school, she didn't get away with it at Ridley. She met up with Mrs. Lewis! She was gated constantly and even suspended, which only worsened her opinion of the school. She didn't realize that Ridley was trying to help her — it was trying to change her in order that she could succeed. It took a long time, but gradually the persistent efforts of her housemistress and teachers paid off. She began to lose her "negative Ridley" attitude as she became more involved in the school. She found something that she really enjoyed doing and realized that if she benefitted the school, the school would benefit her.

In case some of you haven't realized it, the girl I'm talking about, is myself. In my first year here, I changed more than I've ever changed before — just ask some of the people that have been here for a while.

It wasn't as if I did absolutely nothing wrong after that. My old roommate, Kate Eccles, and I used to have ice-cream parties in our room at 3:00 a.m. Where all the ice-cream came from — I'll never tell — but it's a good thing the people that helped us eat it didn't get caught, because there would be a lot fewer School Prefects this year!!

I can see the same sort of thing happening to some of the new girls this year. At first they felt very much alone and were very unhappy here, but as the year has progressed, they have formed strong friendships and have begun to search for the way in which Ridley is going to benefit them. For me, getting involved in the yearbook was a way that I could focus my talents and contribute to the school. Over the course of three years, ACTA has given me a sense of pride and personal achievement, culminating in my appointment as Editor this year.

Ridley offers so many different ways for someone to give of their individual talents and reap their just rewards. Melissa Marion is an example to us all, as her dedication to Ridley's Harrier and Track teams has won her not only countless races but also the sincere admiration of the entire school. The same has been accomplished by Eleanor Misner and Kathy Court, who proved that girls can hold their own in Ridley's time honoured "male" rowing programme. Kim Pollock has shared her musical talents with the school through the choir, Ridley Singers and not to mention informal Dean's House get-togethers. Katharine Ashworth has given to Drama, Chris Liber has given to the Arts and Anna Bright has given to just about everything! I am confident that the girls who are just beginning their experience at Ridley will soon discover their particular interest and will benefit from it.

Girls who have matured within the Ridley system over the years are among the first to acknowledge the unique learning experience they have encountered. The opportunity to pursue any avenue of interest while at Ridley has resulted in a harmonious relationship between the school and its female members. The diversity has been of unquestionable benefit to Ridley and now, we realize, of equal benefit to the girls here.

With each successive year, the presence of girls at Ridley is strengthened and improved. I am pleased to say that this year has surpassed all previous years in terms of overall spirit and friendship as well as individual achievements. It is a year Ridley can be proud of and it holds a bright promise for the future.

We must extend our sincere appreciation to Mrs. Dorothy Doolittle for supporting Ridley girls for so many years and in so many ways. Without her determined belief that girls would be an asset to the school we might not be here tonight. I would also like to thank the Prefects of Gooderham East for organizing such a memorable occasion, which has brought together two separate houses formally — definitely another first for Ridley's girls!

THE RENEWAL OF SECONDARY SCHOOL EDUCATION IN ONTARIO

The main thrust of the R.O.S.E. document is to improve the quality of the present 4 year, general program. There are major implications for Grade 13 as well and this article will examine what these are and will give some idea as to how Ridley plans to implement the new system.

HIGHLIGHTS:

1. Diplomas:

There are presently two major diplomas given by Ontario Secondary Schools. The four year diploma is awarded to students who have at least 27 credits by the end of Grade 12. If a student proceeds to Grade 13 and obtains six credits at this level, the Honours Graduation Diploma is awarded and this qualifies the student for admission to university in Ontario. Under the new system there will be only one diploma and it will require 30 credits. If a student wishes to attend university, six of these thirty must be Grade 13 credits. (These will be defined as OAC — Ontario Academic Credits in the future). Of these 30 credits, five must be in English.

2. Grade 13:

Grade 13 courses are being retained, but students will be encouraged to graduate in 4 years. In the words of the Ministry, "Those students who are university bound, highly motivated and particularly competent will be able to complete their program in four years".

3. Guidelines:

Guidelines will be rewritten and some curriculum presently in high school will find its way down into grades 7 and 8.

4. Credits:

The present credit definition of a minimum of 110 hours will be retained.

5. Guidance:

Guidance will be made compulsory in grades 7 and 8 and long range planning of a student's program will become extremely important.

IMPLEMENTATION

Presently in the province, approximately 4% of university bound high school students have obtained six grade 13 credits by the end of four years, but most require five years.

Ministry representatives believe that 8% of the university bound students will graduate after 4 years of high school as soon as the new diploma is introduced. Over the next decade, this percentage will increase to almost 100%, but it is not clear exactly how quickly the fifth year of high school will disappear. This in part depends on how much a student wishes to complete high school in four years.

Until the curriculum gets rewritten, it will not be an easy task for a student to complete his diploma in this time scale, but for a good student, it would certainly be possible. Ridley already has some students who are in this type of an accelerated program.

The new program will officially be in place beginning with the students entering into grade 9 in September 1984, but many Secondary Schools, Ridley included, will provide the possibility for a grade 9 student to begin a four year plan in September 1983 if it is established that such a program would be workable for the student. Certainly the student would have to be quite strong academically and a good deal of planning would have to be done by the student with the help of the academic administration at Ridley.

It is interesting to see what some of the possible four year plans are. In the following outlines, courses designated 150 are present grade 9 courses, 250 — grade 10, 350 — grade 11, 450 — grade 12 and 551, 552 — grade 13.

One can see that there are few options possible in these plans and the work load in each is substantial.

(a) For Entry into Engineering or Science

Year 1	Year 2	Year 3	Year 4

Long Term Effects:

It is clear that as grade 13 disappears many changes may be on the horizon for Ridley and the Long Range Planning Committee of The Board is presently attempting to isolate and investigate these. Fortunately, the Ministry has chosen to introduce the new program gradually. This provides time for effective planning and should make the transition to a four year system a smooth one.

DR. LOWELL SCOTT
DIRECTOR OF ACADEMICS

Winter Carnival '83

Newly Elected Board Members

The following were elected as members of the Board of Governors of Ridley College at the Annual Meeting held on November 5th, 1982:

- JAMES H. CAIRNCROSS, B.E.Sc., M.B.A.
(OR 1957-62). Woods Gordon.
- J. TREVOR EYTON, B.A., LL.B. (Parent).
Brascan Limited.
- JOHN T. FERGUSON, B.Com., C.A. (Parent).
Princeton Developments Ltd.
- GEORGE M. IRWIN, B.A. (OR 1964-69).
Irwin Toy Limited.
- GEORGE S. NIBLETT, B.Sc.(Eng.). (OR 1948-50,
Parent. Birchknoll Investments Ltd.

Resigned from the Board and Appointed to Advisory Council:

- DR. JAMES A. GIBSON, B.A., M.A., M.LITT., D.Phil.
(Oxon), LL.D. (1964-1982).
- DONALD N. NAYLOR, B.A. (1974-1982).

The School wishes to express its appreciation to the individuals listed above for their efforts on behalf of Ridley.

ALUMNI WEEKEND OCTOBER 21, 22, 23, 1983

Lower School

"Many shall run to and fro, and knowledge shall be increased."

This could well be the R.L.S. motto, particularly in the middle term. There is a normal routine on paper — but it is more a description of what needs to be changed to accommodate a wide range of activities than what actually happens. Between ski trips, guest speakers, evening excursions, and a myriad of games at unusual times, by March it is more a memory than a reality. In spite of all this running to and fro a good deal of knowledge is increased — and perhaps the most important thing the boys learn is to organize their lives to fit in everything they are doing. It also has a salutary effect in combatting the potential "cabin fever" of the term when boys can spend little time playing outdoors.

It was not a good year for ski trips, which provide an unusual safety value. Mother Nature was uncooperative in supplying snow so only two Sundays were fit for skiing. Fortunately this void was filled by guest speakers, Thursday afternoon activities, and a variety of excursions. Major Glynn Lewis gave us a slide cum talk presentation based on his time in Borneo as a British intelligence officer. Mr. Quentin Keynes took us on a trip, only via slides unfortunately, to the islands of Charles Darwin. Dr. and Mrs. Donald Mason drew on their collection of photographs taken during their son Rob's eight years at the school to present an excellent slide/-tape show of Ridley. To all three our thanks for sharing their first-hand experience with us.

Evening theatre trips to "Witness for the Prosecution" in Buffalo and to "Blithe Spirit" in Toronto, organized by Mr. Mackey, gave many older boys a chance to broaden their cultural horizons beyond rock concerts, while an evening at the circus gave a change of pace. Five tennis players got a chance to see the real thing (as did Mr. Whitty) at the Molson Challenge in Toronto courtesy of Mr. Misener.

Thursday afternoons activities gave the boys an opportunity to develop a hobby. Building model rockets — and launching them, orienteering, and Dungeons and Dragons (under the guidance of Doug Lennox), involved the most students. But other activities — art, photography, drama, investment, model building, German, mathematics, stained glass, board games and riflery offer a broad choice.

It was also, as always, a busy sports season, the swimmers had an 18 win streak snapped but recorded an eight win, one loss season. The seniors were led by Watson (c), Ross, McElligott and the Tazbaz brothers while Hall and Delia (both in Grade Six) shone for the juniors. Squash started out with a fairly inexperienced team but after their usual busy season showed their improvement in the R.L.S. Invitation. Stevens, I. (c), Zia Mian (v.c.), Evans, Niblett and Langhorne among the seniors, and Soto and Khilji from Grade Seven made most progress. First basketball had a strong bench — the key to their success — to back up Evans (c), and the other starters. With two returning colours — Wayne and Wismer — next year is off to a good start.

Second basketball, featuring Maddocks, Rojas, and Katzman, suffered some very close early season losses but improved teamwork led to an improved record by season's end. Third basketball was an innovation this year, the aim being to try to give younger boys an earlier opportunity to develop team skills. From the progress made by Ayala, Allan II and the others it proved a good idea. First hockey was either very good or very bad. Harrigan and Dunkley, usually set up by Karachi, were the high scorers while Gunning in goal and Ferguson and Barr on the blueline led the defence. Second hockey featured Dickson and Qua on defence and Zaniol, Bell I and Prior in front. Third hockey had a "rebuilding" year — with Lampard (c), Burch, LaPorte, Kingstone and Coy as the blockers of the foundation. Fourth hockey led by Court (c), Allan I, Bell II and Maxwell had a fifty-fifty season.

All in all it was a fairly "normal" Lent term — frenetic but productive.

Lower School Squash Tour

On February 10, the Ridley College Lower School squash team left St. Catharines for Buffalo, on a tour that took us to Brooklyn, Philadelphia, Trenton, Princeton, Plainfield and Manhattan. Now we knew that trips are usually hectic, and tours are usually off-schedule, but a combination squash trip and tour is an experience that's hard to walk away from.

The ten of us flew from Buffalo to Newark. After almost getting into a fight with the rent-a-car saleswoman, Mr. Martin (our coach), drove us into Brooklyn. In Brooklyn we played some enjoyable matches at a club called The Heights Casino.

We were fairly organized the next day when we drove into Philadelphia to play in the U.S. National Junior Singles Championships. But it's about here where Murphy's Law came into effect. Murphy's Law, if you don't already know, states that if anything can go wrong, it will. Well, something could go wrong and what did go wrong was that Philadelphia was hit with one of the worst snowstorms in years. When we woke up Saturday morning we discovered that our van was surrounded by 18 inches of snow on all sides in a Holiday Inn parking lot. (Later we noticed that this incident would not have occurred if somebody had only parked in the indoor parking lot behind the hotel).

Murphy's Law also assailed us as we played in this tournament. We found ourselves being subjected to Murphy's Law of Spectators at Individual Sports Competitions, as well as Murphy's Law of Warm-Ups. The first law states that the quality of your play decreases in direct proportion to the number of people watching you, while the latter states that the quality of your play decreases when the quality of your warm-ups right before the games has increased. Seriously though, I felt that the team did fairly well, considering where we were playing and the quality of squash players we played against.

Coming back to Saturday, it was 5:30 by the time we had dug out of the parking lot, and we were supposed to be playing in Trenton at 3:00! Mr. Martin was in a frenzy, muttering something about "Disorganization!"

"Dig, Niblett. Dig!" he would cry, from his comfortable seat in the van.

After further complications due to our lethargic navigator, we arrived at the club in Trenton at 9:00. We won most of our matches here (their team were probably half asleep) and we were billeted at our opponents' homes for the night.

On Sunday we were off to Princeton University, where we had a great time. I think that both our teams were surprised at first sight of each other. Their team was in their early 20's, our team's age was around 14. The matches were well-paired though, and we played some fine squash. We looked around the university after the matches and had a chance to see their excellent sports facilities.

We then left for Plainfield where we played the Plainfield Country Club. Again, we had some excellent matches.

On Monday we toured around Manhattan and did some sight-seeing. We were then left to our own devices for a while, during which time I will not say what we did. It must be noted though, that one of our number did manage to lose a considerable sum of money on the side of the street, at what else, the shell game (it proves that there's always a loser in the crowd).

Some of the highlights of our trip were the arcade at the Buffalo Airport, the "movies" in Manhattan and the stay in Philadelphia at the Holiday Inn (Mr. Martin was a few rooms down!). Other features included seeing Princeton University, the Empire State Building and the U.N. Building.

Although we can all laugh at our trip, none of us can deny that we had a great time and owe a lot of thanks to Mr. Martin. We all, I also feel, played very well in all our matches. Even if we didn't win. The trip was a great success and an experience we won't forget for a long time.

N. LANGHORN
L.S. STUDENT

Edwards "eats up" Upper School opponents to win the Pizza Eating Contest. Below was the crowd's reaction.

Ridley Debating: 1982-1983

The value of a debating program should not be begrudged by adding up wins over losses. Debating encourages the growth of important intellectual and personal characteristics including quickness of thought, tenacity, a wide view of the vital issues of our day and the ability to analyze complex situations. Having stated all

that, I am pleased to say that Ridley debaters have won more contests than they lost as well as garnering many valuable individual prizes. While the debating year is far from over, Ridley, by any measure has had some notable successes.

Competition got off to a rousing start early in October when a team from Ridley attended the St. John's Ravenscourt Invitational Public Speaking Contest in Winnipeg, Manitoba. The structure of the tournament precluded team prizes. Attending were: Gary Kirk, David Conklin, and Kendra Gransden. Both Conklin and Gransden did well in their individual categories. Kirk won a two week all expenses paid trip to England in May, 1983, under the auspices of the English Speaking Union. Ridley will attend the St. John's Tournament next year.

Late November saw Ridley compete in the first of the three Fulford Cup Rounds. To refresh the reader's memory, the Fulford Competition consists of three separate rounds of debate held in November, February and April. The winning school must consistently score high in all three rounds to win the Fulford Cup. Since twelve independent schools in Ontario compete for the prize a high level of debate is common. Competition is fierce. Senior debaters may enter only once over the course of a year so that the depth of a school's debating and public speaking program is well tested. Juniors also attend and learn valuable lessons from participation in debates and by observing senior contests.

Representing the school in Round 1 were:

Seniors: G. Kirk, G. Stuart, P. Napier.

Juniors: J. Richardson, S. Kanji, K. Gransden.

Ridley finished second overall in the round, a considerable improvement over last year's placing.

The second Fulford was held at St. Clement's School in Toronto, in February. Attending were:

Seniors: J. Richardson, S. Kanji, B. Brunt.

Juniors: R. Ingall, D. Wilson, J. Schumacher.

After stiff competition the School came third for the day.

One more Fulford Debate remains, this is to be held at Lakefield College on the weekend of April 16th. It is possible for Ridley to win overall or at least place a strong second.

But independent school debating is only part of the picture. Ridley also belongs to the Ontario Student Debating Union, Niagara Region. For the last several years Ridley has hosted the Niagara Region Finals of the O.S.D.U., a major tournament. On the weekend of February 19th fifty-eight students, representing schools from all over the Niagara Peninsula, debated at the School.

Debating for Ridley:

Seniors: D. Conklin, G. Kirk, G. Stuart, P. Napier, J. Richardson, B. Brunt, S. Kanji, B. Lundy, T. Beshoff.

Juniors: K. Gransden, G. Chapman, J. Schumacher, R. Ingall.

The day was an immense success. G. Kirk won best speaker of the day and the senior team of D. Conklin and G. Kirk took top honours over all. In addition Kirk, Conklin, Napier, Stuart, Richardson, Kanji and Brunt were selected to represent Niagara at the O.S.D.U. District Finals. Special thanks must go to the students and staff who participated in the tournament as judges, speakers, timers and assistants.

District Finals were held at McMaster University on Thursday, March 3rd. In a lively contest, Ridley was again triumphant. David Conklin was selected to represent the Niagara-Hamilton Wentworth area at the National Seminar in Ottawa, April 30th to

D. Conklin who won a place at the National Debating Seminar and G. Kirk who will tour England for public speaking and debating with the English Speaking Union.

May 6th. Quite simply, Conklin is one of the best five debaters in Ontario.

Yet close on Conklin's heels were two other Ridley contestants. Gary Kirk was chosen to represent the Niagara Region at the Provincial Finals in Toronto from the 11th to 13th of May. It should be an interesting three weeks for Gary. After competing in Toronto he leaves for England for two weeks of public speaking and debating with the English Speaking Union. Glen Stuart also did exceptionally well, but unfortunately Ridley was allowed only two places and he thus narrowly missed out. The same may be said for the other representatives from the School.

The debating year has not ended. In addition to the remaining Fulford debate Ridley has also been asked to send representatives to a major public speaking contest at Trinity College School 9 April, 1983. This type of contest is of great value because it exposes students to a wide spectrum of events other than just debating. Among the events will be persuasive speaking, dramatic readings, and after-dinner speeches.

Public Speaking has up until March, been overshadowed by debating. Overshadowed, but not forgotten. Two young men from Ridley entered the Royal Canadian Legion Public Speaking Competition on the third of March. David Conklin (Senior) and Mark Swam (Intermediate) placed first in their categories and will go on to further contests later this year. It should be noted that on March 3rd, Conklin won a place at the National Debating Seminar

in the morning and a significant public speaking contest in the evening.

Not all public speaking is done outside the School. In-class and School competitions are now wither underway or will be held in the Spring Term.

What of next year? Ridley will be losing many experienced debaters as they go on to university in 1983. A strong corps of juniors and senior debaters remain; however, who will carry on the progress made this year.

The Debating Society hopes to initiate a number of competitions to be held at Ridley in addition to those already scheduled. Increased involvement with local high schools will be sought as debating excellence is not, decidedly not, the exclusive province of independent schools.

We also wish to encourage the School's young women to participate more in what up until now has been a male-dominated pursuit at Ridley. After watching St. Clements, Branksome Hall and the other fine Toronto girls schools belonging to the Fulford league debate, it is obvious that the Debating Society can profit from the ladies participation. Women debaters are absolutely ruthless in competition.

Finally, the last year has been one of building and practice. Much has been achieved, but much remains to be done. If the intense committment and involvement of students to debating last year is any indication, next year must also be successful in developing those skills and talents so important to the future of young women and men at Ridley.

MR. J. BRYAN

Ridley debaters: Mr. J. Bryan, G. Chapman, M. Swan, A. Schumacher, D. Conklin, G. Stuart, G. Kirk, J. Richardson, R. Ingall, S. Kanji, D. Wilson, B. Lundy, B. Brunt, P. Napier.

RIDLEY AT NIGHT

From the Tower . . .

Ridley Upper School held its first Open House on January 14 (Lower School pioneered this idea a few years ago). Over 80 people toured the Upper School and over 30 were interviewed in the Lower School . . . Next Fall Lower School will institute a combined Grade 4-5 for male day students if ten students sign up . . . **MR. PAUL BRADY**, noted saxophonist gave a clinic to over 100 music students . . . **PROFESSOR REDFORD** of U. of T. spoke to all Grade 11 students on Jan. 17 on Archeology and the History of the Ancient World as well as to a small group of interested students on Archeology as a Profession . . . 18 students and some staff attended the opera **ELECTRA** in Toronto, Jan. 20 . . . another group saw **GODSPELL** at Brock . . . 80 snow-starved skiers braved the mud and slush of Ellicottville, N.Y., on Jan. 23. What a difference from last year's frigid, snowy conditions . . . **TRIAL BY JURY** and the Lower School's choral version of **PILGRIM** were performed to S.R.O. crowds Jan. 27, 28, 29 . . . **DR. ROGER BROOK** presented an excellent slide show of his trip to the U.S.S.R. . . . An excellent winter carnival was organized by the School and House Prefects. Events included two spectator buses to Nichols for the 1st Hockey game (1-1 tie) and carnival booths in the Iggulden Gym Saturday. A dance followed that night . . . The Ridley Choir sang in Buffalo's Episcopal Cathedral Feb. 27 . . . **QUENTIN KEYNES**, nature photographer and lecturer showed a film and spoke to the Upper School . . . **DR. HITCHCOCK** of McMaster University spoke under the auspices of the Ridley Forum to students on the topic of Capital Punishment . . . **DR. ROGER MITCHELL** ('67) reports he is a top ranked squash player in White Horse and issued an open challenge to all-comers during the recent Ridley Fund Telethon . . . Next Fall represents the 10th Anniversary of girls at Ridley. The above reflects a small slice of life during Lent Term at Ridley. Add classes, sports, cadets, essays, tests, gatings, E.R.'s, social work, etc. to fill in the full picture.

Ridley Scholars

As a result of the Competitive Examinations held on Friday, February 4, 1983, the following have earned the title "Ridley Scholar" for the year 1983-4, provided that they are members of the school for that year.

(* denotes a present Ridleian)

Grade 7:

R. J. POE (Mathematics)
D. SURKA (English)

Grade 8:

*P. J. ALLAN (Mathematics)
*D. W. J. CARLL (General Proficiency)
*J. NICHOLAS (English)

Grade 9:

*J. R. C. BELL (English & Mathematics)
*D. K. CARTER (General Proficiency)

Grade 10:

*D. J. DUNKLEY (English)
*K. J. FITZPATRICK (Mathematics)

The competitive examinations are not written to win scholarships. However 43 students of 75 who sat for these examinations were from outside the school and many use these tests to demonstrate their scholastic merit prior to applying to Ridley. Often financial aid is offered to outstanding scholars who take these examinations. The support of the school by friends, parents and alumni is evident in the fact that these friends raised 27 of the 43 outside students who wrote the competitive examinations. Thank you for this invaluable assistance.

Grade Thirteen Art Takes A Bite Of The Big Apple

On Friday 4th March, the Grade Thirteen art group, accompanied by Art Director Mr. Jim McLaughlin and Art Teacher Mrs. Susan White, left for three days' visit to New York City.

The group visited the Metropolitan Museum of Art, the Museum of Modern Art, the Guggenheim Museum, the Museum of Holography, the "New York Experience" and saw the musical "A Chorus Line".

Apart from these formal items on the agenda the group also took the opportunity to ride the New York Subway and witness the graffiti, and walk through Central Park on a beautiful spring morning. Although such a visit in three days can never be more than a cultural "appetizer", the students are certainly exposed to the fact that New York City, despite the cash-flow problems, is a huge smorgasbord of aesthetic and cultural riches that can be visited and revisited at any stage of one's development.

MR. J. McLAUGHLIN

First Basketball Wins I.S.A.A.

This year's version of the First Basketball team surprised many, perhaps including themselves, by recording a 15-1 record overall to clinch the I.S.A.A. Championship. Featuring no stars but rather a solid core of experienced hard-working team players they produced a brand of winning basketball that won them many supporters.

Co-captains Steve Moore and Malcolm MacDonald led Chris Thompson, Jason Powell, Ted Badner, Brad Hamilton, David Vijn, Lorenzo Cling, Michael Croxon, Andy Griffiths and Neil Mawhinney to an undefeated season at home. Their one defeat occurred in front of a hostile crowd at T.C.S. but this loss was avenged with a sound victory at home.

A new format of two divisions for league play with a tournament for the top four teams was instituted this year to decide the champion. Ridley's wins over S.A.C. and St. George's clinched their penant. Congratulations go to Mr. David Gagne ("Mr. Dynasty") and the capable managers Ramon Gonzalez and Olaf von Hossilin.

The future looks equally bright with the Under 16's coached by Mr. David Whittey, who turned in a 16-3 overall record and a stunning upset victory over Hillfield, the first place finishers, to win the post season tournament. Players like Peter Newell, Monty Spindler, Asa Copithorne and Alfredo Gamboa will keep our basketball tradition a successful one.

Neil Mawhinney shoots as Andy Griffiths looks on

First Team Hockey

Despite a disappointing 8-7 loss in overtime to Eastdale H.S. of Welland which eliminated Ridley from the O.F.S.S.A. playdowns, the team played very well in producing a 17-8-5 record. They finished third in I.S.A.A. competition, won the Liggett School Tournament in Detroit for the second consecutive year and finished second in the I.S.A.A. Tournament at Lakefield when T.C.S. scored with 26 seconds left to take the trophy.

Led by captain, Darren Hamilton and seniors Kevin O'Brien, John Woods and Doug Turner, who have given greatly to Ridley hockey, this year's team always played close games. Only three games were decided by more than two goals (losses to Ridley Alumni and Nichols Alumni and a 12-2 victory over Appleby). All the rest of the results were by one or two goals. Excellent seasons by the above four and Graham Stanley, Reid Paterson, Peter Kieley, Tom Hutchison and Mike Thususka were strongly supported by Jordy Neumann, Mike Swan, Scott Steele, John Cleary, Alex Green, Craig Duffy, Mike Banville and David Hand.

The team benefitted from strong fan support and a season highlight was certainly the enthusiasm of nearly 100 Ridley supporters who travelled to Nichols to support the team. The team was managed by Bill Sims and coached by Mr. Brian Iggulden (O.R. '67).

Again future prospects look promising as both Mr. Emmett O'Neil and Mr. Keith Mawhinney coached successful Second and U16 teams respectively. Quentin Mai, Colin McClelland, Steve Rodwell from the Seconds and David Burns, Simon Murray, David Rodgers, Walter Wellenreiter and Adam Turner from the U16's to name a few all stand good chances of helping the Firsts who lose only four players through graduation.

David Hand in net against Eastdale H.S. of Welland.
Ridley lost in overtime to lose the S.O.S.S.A. title

Ladies' Guild

Clothing Exchange

A clothing exchange has been operating with great success this year under the sponsorship of the Niagara Branch of the Women's Guild. In fact, uniforms were bought and sold by over 100 students.

If we are to continue to provide this service, we MUST continually replenish our supply of used uniforms, i.e. blue blazers, orange and black blazers, grey flannels and skirts and grey duffle coats.

Do you have an old uniform or part of that is clean and in good repair that could be recycled? We would like to be able to sell it for you on a 50-50 consignment basis. We need you to keep our supply available to meet the demand. An interesting note we discovered was that the older wool blazer was very popular.

Our next major collection and sale will be at the start of Spring term. Collection will be on Wed. 6 April and selling will be on Thurs. 7 April. Our location is in the basement of School House.

Appointments can be made at the convenience of the committee by contacting either sewing room or any one of the committee listed below. If you are out of town and unable to bring your clothing to the school, we will make the necessary arrangements. Please contact your branch of the Women's Guild or one of the listed committee.

Your support of this project and service is greatly appreciated.

Mrs. L. Burpee — 685-5812
Mrs. J. Morrison — 688-1666
Mrs. K. Souter — 688-0979
Mrs. J. Walker — 685-3109

Ridley College Women's Guild Luncheon and Annual Meeting

13 May 1983

Please note that the above mentioned meeting and luncheon will begin at 12:00 p.m. this year so that we will all be able to be on the field at the start of the Cadet Inspection.

ALUMNI WEEKEND OCTOBER 21, 22, 23, 1983

Honouring Classes of

and Celebrating the 10th
Anniversary of Girls at Ridley
*All Alumni are most Welcome and a
special invitation is extended to
the Reunion Years and to all
Female Alumni.*

The Hunt 4th Annual Big "R" Bazaar

The Niagara Branch of the Ridley Women's Guild is once again on "the hunt" this year and looking forward to another successful Big "R" Bazaar, 1983 version.

Last year's bazaar theme of "The Hunt" was felt to have been such a success that this year's committee decided to look no further for inspiration. Once again we shall be looking for props — from riding habits to horse jumps — to carry out this theme for our bazaar to be held on Saturday, October 15, 1983. If you are able to supply us with any articles related to "The Hunt" please contact Joan Bentley at 935-5466.

Your committee is already hard at work, preparing themselves to meet the challenge of surpassing the financial success achieved by last year's bazaar. Over the past three years of bazaar activities, many warm friendships have been established by those involved with the Big "R". The committee would warmly like to welcome your participation, especially if you are the parent of a Ridley new boy or girl, in joining us to organize "THE HUNT 1983".

Catherine Bell
Publicity Chairman
Big "R" Bazaar

The Ridley Fund

**IF YOU HAVE NOT GIVEN YOUR CONTRIBUTION WILL HELP
\$51,000 NEEDED TO REACH OUR TARGET OF \$195,000**

We thank all of you who have contributed to The Ridley Fund this year.

Your support is greatly appreciated.

There are a great many of you who have not given this year who have donated previously. If all of you who have given in past years will write a cheque TODAY after reading this report, we will reach our target.

The Ridley Fund is now an important part of the annual revenue of the School.

RIDLEY COUNTS ON THE RIDLEY FUND — THE RIDLEY FUND DEPENDS ON YOU

All contributions, small or large, are needed.

The statistics to 29 March, compared to the FINAL totals for last year are as follows:

ANNUAL GIVING

	1982-83 (to 29 March)		1981-82 (full year)	
	Donors	\$	Donors	\$
CANADA & OTHER COUNTRIES				
Alumni	813	78,773	999	98,533
Current Parents	138	23,430	198	33,874
Past Parents, Friends, etc.	163	17,866	200	19,239
	1114	120,069	1397	151,646
U.S.A.				
Alumni	106	14,842	140	18,603
Current Parents	5	2,550	9	2,550
Past Parents, Friends, etc.	12	6,552	23	915
	123	23,944	172	22,068
TOTALS				
Alumni	919	93,615	1139	117,136
Current Parents	143	25,980	207	36,424
Past Parents, Friends, etc.	175	24,418	223	20,154
	1237	144,013	1569	173,714

There have been over 200 Workers for The Ridley Fund this year. These include all Alumni Group Captains, Class Agents and Associate Class Agents plus Current Parent Grade Agents and Associate Grade Agents and the Chairman for Past Parents and Friends. In addition we thank the 100 Alumni and Current Parents who contributed their time to act as canvassers for our wind-up Telephone Canvasses.

Cheques should be made out to The Ridley Fund, or if you are an American resident, to the Ridley College Scholarship Fund, Inc., and mailed to:

The Ridley Fund,
P.O. Box 3013,
St. Catharines, Ontario.
L2R 7C3

All contributions will be acknowledged with official Canadian or U.S.A. receipts which can be used as charitable deductions for income tax purposes.

RIDLEY DESERVES AND NEEDS YOUR SUPPORT

Alumni Notes

TORONTO BRANCH

Bill Charlton Delights Meeting

The annual Toronto branch Alumni dinner was a little earlier than usual this year. It was held at the Albany Club again on Thursday 10 February.

About 135 Alumni turned out for a most pleasant evening including two of our girl graduates, Chantal Ramsay (74) and Beth Rice (Ralph) (75). Let us have a few more of you ladies turn out next year.

The speaker of the evening was the inimitable Bill Charlton (60) from Hamilton. Bill's address, an adroit mixture of humour and sentiment, was well received by all present.

Our Headmaster, Jeremy Packard, had a few words to say about the state of the School, which he affirms is excellent.

All of us who were present wish to express our thanks to Hal Gould (69) and his committee for the excellent arrangements, including the speaker and a fine meal.

Members of the Toronto branch of the Women's Guild were present to publicize their ceramic figurines of Ridley students that they have for sale. Reports are that 40 of the figurines were ordered.

William G. "Bill" Charlton, O.R. 60

The name following the year identifies the Class Agent.

1929 — Frank A. Coy

GEORGE L. HARDY has moved to Toronto. He was living in Minden where he was the curator of the Haliburton Highlands Pioneer Museum.

1931 — John H. Milnes

PETER D. CURRY of Montreal is deputy chairman of Power Corporation of Canada Ltd.

1935 — C. C. 'Peter' Tully

ADAM H. GRIFFITH of Toronto will be retiring from his teaching position at Crescent School this June. This will be forty-four years after his first teaching position in the Lower School in 1939. Adam was the recipient of a Queen Elizabeth II silver jubilee medal in 1978.

C. C. 'PETER' TULLY of Toronto is a partner in the company, Private Sector Services.

1936 — Campbell M. MacLachlan

DR. R. S. 'ROBIN' HARRIS of Toronto was honored by being awarded the degree of D.LITT at the fall convocation of the University of Western Ontario.
